NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Urgent Issues Group Consensus Views, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets.

Cost is based on the fair values of the consideration given in exchange for assets. The accounting policies have been consistently applied, unless otherwise stated.

The following is a summary of the material accounting policies adopted by the Trust in the preparation of the financial report.

Income Tax

Under current income tax legislation, the Trust is not liable to income tax provided its taxable income is fully distributed to unitholders.

Real Property

Any real property purchased by the Trust is brought to account at cost. All real property held by the Trust must be valued at intervals of not less than three years and the Trustee may arrange to have any real property valued at any time if it or the manager considers it is in the interests of the unitholders. Any real property must be re-valued in the accounts of the Trust in accordance with any valuation undertaken unless the Trustee believes the valuation should not be adopted.

Cash

For the purpose of the statement of cash flows, cash includes cash on hand and in at call deposits with banks or financial institutions, investments in money market instruments maturing within less than two months, net of bank overdrafts.

Revenue

Rental income is brought to account on an accruals basis

Accounts Payable

These amounts represent liabilities for services provided to the economic entity prior to the end of the period which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

ST MAGNUS VINEYARD PROPERTY TRUST

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Adoption of Australian Equivalents to International Financial Reporting Standards

The Australian equivalents of IFRS have now become effective with financial statements to become compliant in the year ending 30 June 2006. The directors are of the opinion that no significant differences in the entity's accounting policies will arise from the adoption of the IFRS than if the financial statements were prepared using the current Australian Generally Accepted Accounting Principles which continued to apply until 30 June 2005.
